PROJECTS

- **Expense Manager :**   **April 2021**
    - Developed an android application for small business owners to manage their expenses.
    - This application keeps track of all the recent transactions, pending and payable money. Displays expenses and earnings on weekly, monthly or yearly basis. User can generate invoices, send reminders, call customers etc.
    - Implemented using Java, Android Studio, firebase realtime-database etc.

- **Social Networking Service :**   **July 2020**
    - Developed a social networking desktop application where users can create a network of people.
    - A user can find a person with similar hobbies, degree of connections, available friends at the time etc.
    - Used Graph data structure for implementation, MySql database and Java Swing toolkit for GUI.

- **Everything is worthy:**   **May 2020**
    - Created a responsive e-commerce web application where user can purchase refurbished items and sell used but useful items.
    - Implemented using Java Servlets and Java Server Pages(JSP). Used MySql database to store data.

COMPUTER PROFICIENCY

- **Programming Languages:** C , C++ , Java, Python.
- **Web Development:** Flask, Html, CSS etc.
- **Databases :** Oracle, MySql, Firebase.
- **Others:** Android Development, Computer Vision (basic).

EXTRA CURRICULAR ACTIVITIES

- **Cultural Secretary** of the department for the year 2020-2021.
- Participated in several musical events as a **flutist** .
- Member of the literary club of VNIT (**Mag.com**) .
- Volunteering in **Prayaas** – the social club of VNIT .

I hereby acknowledge that the information furnished above is correct to the best of my knowledge.
